Final Year

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

Upcode Software Labs, Kannur

Duration: 6 Months

- Completed comprehensive training in the MERN stack.
- Developed full-stack web applications using React, Node.js, Express.js and MongoDB.
- Built responsive UI components and integrated RESTful APIs.
- Gained hands-on experience in database management and deployment.
- Strengthened problem-solving and debugging skills through real-world projects.

PROJECTS

E-Commerce Web Application

MERN Stack (MongoDB, Express.js, React.js, Node.js)

Developed a full-stack e-commerce platform with user authentication, product management and order processing functionalities.

- Implemented user authentication and authorization (JWT).
- Built product listing, search, filter and category features.
- Added shopping cart, wishlist and secure checkout.
- Integrated payment gateway and order management.
- Designed responsive UI using React and Tailwind CSS.

PASSIONATE

Passionate about building innovative web solutions and learning new technologies.

QUICK LEARNER

Adapts quickly to new technologies and enjoys solving complex problems.

TEAM PLAYER

Strong communicator and collaborator with a positive attitude.
